01

ABOUT US

Founded in 1998, Concrete Plus is a comprehensive construction services provider that has rapidly risen to become one of the leading entities in Egypt's construction market, and through the past two decades, Concrete Plus has provided its clients with exceptional construction services across many sectors including but not limited to residential, commercial, healthcare, transportation, industrial and infrastructure. We are proud of our team of 2000+ dedicated professionals who have displayed their talents in each and every project we've completed - over 500 so far!

Today, Concrete Plus stands strong as an industry leader with a greater vision for growth and expansion into various fields such as facility management, real estate, industry and fintech. Our mission is to continue growing while transforming our aspirations into reality – understanding fully the importance of our role in Egypt and beyond.

02

OUR LEADERSHIP

Tarek Youssef – CEO focusing on strategic growth and business development. Mission driven, Tarek has maintained business excellence through effective resource management of human capital, financial resources and natural resources embedding this in the company's DNA.

Tarek's remit of managerial experience extends to multiple disciplines across construction and engineering, where currently he also holds the position of Co-founder of FMPlus+, CEO of T&D designs group, a regional firm in (Furniture, fixtures, and equipment) FF&E conglomerate. Tarek is also a board member of Act Financial and holds a Bachelor of Science Degree in Civil Engineering from Cairo University along with an MBA in Strategic Management from IESE Business School – Barcelona.

Hossam Fikry – Managing Director he leads with passion and drive expanding the company's competitive edge through long-standing project management and operations. Managing the day-to-day operations, Hossam's bird eye view means that there has been synergy between the different departments and subsidiaries ensuring that the business continues to focus on growth and investment.

03

PHILOSOPHY & VALUES

Our Philosophy & Values are the base of how we do business. They are the pillars that unifies and unites Concrete Plus's rapidly expanding organization.

INTEGRITY:

Our commitment to keeping our promises to our clients, employees, staff, and society is based on our commitment to integrity.

DILIGENCE:

Our staff is always in pursuit of self-development with a burning ambition to fulfill their personal and professional goals with complete clarity to help us construct the future.

PARTNER OF SUCCESS:

We are a seasoned team with a proven track record of success in and knowledge of the Egyptian market. Quality, workplace health and safety, and environmental performance are all values that we strongly adhere to.

MT founded in 1980 in Jeddah, Saudi Arabia is simply one of the first Precast, GFRC, GFRP & GFRG companies in the Kingdom of Saudi Arabia. We successfully extended our business to the Arab Republic of Egypt in 2016, and now we are in Jeddah, KSA, and Cairo, Egypt.

MT ability to produce high-quality products is underscored by our highly professional staff of Engineers and production experts. Our performance in The Kingdom was both challenging and rewarding, we shed light on our high concern for detail and our ability to produce various patterns, screens, and ornaments as we manufacture modern and classic products with a selection of high-quality materials from both local and imported markets.

MT track record includes more than 500 projects around the entire Kingdom and Egypt.
